Dear Kurt:

I would like to take this opportunity to thank Tolbert Masonry for their outstanding work and cooperation that was provided at the recently completed United Methodist Church in McConnellsburg, PA.

The project was very difficult as that site was extremely tight and the majority of the work was done during the winter months. However, your crews worked closely with Eagle personnel and the end product was an exceptional masonry building that the owner is very pleased with.

Over the years, we have worked on numerous projects with Tolbert Masonry including The Church of Jesus Christ of Latter-day Saints, Drs. Weiss, Becker, Shuster, Budi, Fulton County Library, and currently the Chambersburg First Church of God. You have always delivered an excellent finished project that meets or exceeds our expectations.

It has been a pleasure to work with Tolbert Masonry on this project as well as past projects. We look forward to continuing working with you in the future.

Sincerely,

THE EAGLE CONSTRUCTION COMPANY
