

Chad Olivieri
Sheetz Inc
Project Manager

Kurt,
RET Masonry

Dear Kurt, :

Thank you for your masonry services over the past several years. Your presence on these jobs is very well received by our other construction tradesmen and your crew members work well within the Sheetz culture. They understand that the customers come first and that Safety, Quality and quantity are important but second in line when it comes to our total customer focus initiative.

I'm glad you continue to bid the remodel packages that I send you; they are much more complex than the new stores you've been involved with in the past. I appreciate that you don't mind the challenge and still stay competitive during the process.

Thanks again for your companies dedication and professionalism throughout the Sheetz remodel processes.

Sincerely,

Chad Olivieri
